

# Care Navigation

We are here to serve and support your health and wellness

## Have you ever had a hospital stay and needed someone to help you navigate the experience?

Immanuel's skilled healthcare professionals are here to help you navigate both hospital and skilled rehab stays and then guide you to recovery once you are back at Immanuel.

### Care Navigators Offer the Following Services:

- Visits during your hospital stay, making sure you are well-informed about your health.
- Meetings with you throughout a rehab experience.
- Communication with your family, making sure they're connected and informed.
- Guidance and personalized support upon returning home.
- Guidance through treatment adherence.
- Education support in self-management and understanding a new diagnosis.
- Ensure continuation of care and links to community resources.
- Provide education on your rights and assistance in your care decisions.
